

Our New Building

We are now doing business in our new home. We think we will have a little bit the most attractive store in Pendleton when we get everything in readiness. We know we have the largest, best and freshest stock of groceries in this city, as we have just laid in a bright, fresh supply of high-grade groceries. We are positive that no store in Pendleton offers as great inducements to the trade as we do, or sells as high-grade goods. We give the most prompt delivery of goods.

Japanese Health Rules.

"Japan laughed when foreign nations sent men to study their weapons and tactics and none to study their commissariat or their hospital and sanitary arrangements. They seem a most intelligent race, who see no reason for allowing men to die of water, food or care, when the object for which they are in Manchuria is to die in driving the Russians toward the north."

Japan finds science related as closely to diet as to cannon. She calculates that 500,000 soldiers who are properly cared for equal 2,000,000 subjected to canned beef and typhoid germs. She realizes how great a part in war is taken by the bacteria. What a contrast, what an inspiring catholicity, is presented by the Japanese officer leading the world in using the microscope as a weapon and the same Japanese officer dying with cheerfulness and living with the spirit of religious devotion to a national ideal. The example set for us all by Japan so far has been an uplifting one.—Collier's Weekly.

She—What's your hurry? I thought you liked music.
He—I do; that is why I am going.

While there is life there is hope. I was afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shantz, Rahway, N. J.

Cream Balm reached me safely and the effect is surprising. My son says the last application gave decided relief. Respectfully, Mrs. Franklin Freeman, Dover, N. H.

"The Balm does not irritate nor cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.
